KeyMACRO supports both DOS and Windows 95/98/ME/NT/2000/XP/Vista/7/8. KeyMACRO comes with powerful Key Macro Language (KML), which enables you to record keystrokes, mouse clicks, menu selections, and windows/dialogs on-screen, and then play them back using the built-in replay function. This makes it extremely easy and convenient to create macros and to automatically execute them using the keyboard. KeyMACRO is both a great tool for users who wish to automate repetitive and/or mundane tasks, and a convenient way to record complicated menus and dialogs for playback

using the mouse. Main Features: ? Create Key Macros: With KeyMACRO, you can record keystrokes, mouse clicks, menu selections, windows and dialogs using the on-screen keyboard or a mouse, and then replay them using the built-in replay function. You can record either a single keystroke, a series of keystrokes, a mouse click or a menu selection. For a full list of all recorded keys, mouse clicks and menu selections, click the 'Show Key MACRO Actions' button on the toolbar. ? Replay Key Macros: KeyMACRO allows you to replay any recorded macro with one click of a button. ? View Current Keystrokes and Mouse Clicks: You can see the current keyboard/mouse click sequences and keystrokes being executed on the screen. You can use the Mouse Mode buttons on the toolbar to toggle between Mouse Mode and Keyboard Mode. ? Create Windows/Dialogs: KeyMACRO allows you to create windows and dialog boxes on the screen. In the menu bar, click the 'Create Windows/Dialogs' button, and you will see a dialog box appear on the screen for you to input the window title, size, and location. You can then enter a caption, select a color for the dialog box, and set the position of the dialog box. ? Create Control Menus: KeyMACRO provides you a very easy way to create control menus. Using the menu bar, click the 'Create Control Menus' button and you will see a dialog box appear for you to input the menu name, description, default size, and location. You can then enter a caption, select a color for the menu, and set the position of the menu. ? Edit Macros: After recording, you can edit any of your recorded macros by simply
