The old Marine Corps base on the southwest shore of Bainbridge Island is being sold to a private developer. Three developers are bidding on the option to develop the property, estimated to be worth \$70 million. The sale was approved by the Seattle-based federal Judge Thomas Zilly, who has been hearing the case. The value of the land has been reduced in the weeks since the sale was approved. The base has been closed since 1995. It is home to Camp Celilo, a 90-year-old Marine Corps training base that was never used during the war and closed in 1995. The buildings now being built would replace the small

This is a really useful utility that lets you quickly store macros on your keyboard, so you don't have to type your documents over and over again. Key Macro Manager lets you define several macro keys. The macros can be of any length, and are stored on your PC using the free Key Macro Library, which is already installed. Although you can define a macro to perform an operation (e.g. D, for deleting all characters), you can also record a button press, including the key combination you use to trigger the macro. Key Macro Manager can even record the windows you use to start applications, so you don't have to type the path to the application every time you launch it. With Key Macro Manager, you can do many things quickly. For example, you can perform a macro for pressing a combination of keys to select a word (e.g. Ctrl-A), or define a macro to paste a large number of text messages into the conversation window. With Key Macro Manager, you can even record your mouse clicks. This way, you don't have to click the "Help" or "About" buttons when you need to know how to use a particular option. You can simply click the mouse button and the selected item will automatically appear. You can even record a macro to launch a particular program. For example, you can record a macro that will launch a specific document file. Key Macro Manager even lets you record your most frequently used keyboard shortcuts. If you press Ctrl-I and a letter appears, that's your shortcut. For example, I and J are the letters representing your IME (Input Method Editor). Besides macros, Key Macro Manager can even record keyboard shortcuts, for example, CTRL+T for moving a document from one folder to another, CTRL+O for opening a new window, and CTRL+Z for undoing the last command. When you have recorded a keyboard shortcut, just press that key and Key Macro Manager will recall the shortcut. Key Macro Manager also lets you view the names of all the recorded macros. You can even re-arrange them. Key Macro Manager also offers several editing options. First, you can specify whether the editor needs to have access to your entire hard drive (for a full-text search) or just to a particular directory. Also, you can specify a custom keyboard layout (English (US) for example). Another useful option is that Key Macro Manager lets you customize the list of names of the macros it 77a5ca646e

MSN 6.1 Games Patch is a great way to make your MSN Messenger 6.1.10 compatible with MSN Messenger 6.1. Support for games was a key feature in MSN Messenger 6.1, but unfortunately, it is not supported in MSN Messenger 6.1.10. Users can use MSN Games as a standalone application or as an addon for MSN Messenger 6.1. Search Newsletter A daily dose of stunning Asian women in various states of undress. More than one-third of voters want to see a tax system in Britain that is more like the way it is in Germany and a third want a similar system in France, according to a YouGov poll for the Tax Justice Network and Compass, published in the Guardian today (Monday 22 July). Many of the 28 per cent who believe the UK should have a low-tax system said it would be a better option because they believe it is fairer. A similar number (31 per cent) said they would like a system based on the one in the Netherlands. In contrast, a third said they wanted a higher-tax system, similar to those in Japan, Switzerland, Belgium, Denmark, Ireland and Australia. More than a quarter (28 per cent) said they wanted a system like that of the United States. Commenting on the findings, Alex
